Before saving, please turn off or delete the "Template" layer.
SLW will not be held responsible for guides left in your artwork.
When saving, please save as High Quality Print PDF

Please check the following:	
All company details (phone/fax) Spelling Correct colours are used Correct template is used Positioning of artwork	Please note that because of the way we see light, colours printed with ink look different to colours displayed on a computer screen. It is therefore essential that the correct corporate colours be specified by the client before printing. Providing pantone colours ensures the colours are printed as close as possible to your corporate colours.

Bleed Line
Extend all images/backgrounds to this edge
3192mm x 2120mm

Graphic Size \ Trim Line
This is the edge where the printed graphic will be trimmed and sewn.
3100mm x 2050mm

Safe Areas
These main viewable areas will be clearly visible when the graphic is setup.
You should keep all text and important images within this area.

Fold
This is where the graphic will fold or wrap to fit to the contours of the trestle table.
